👤 Professional Profile

An inquisitive and quick learning graduate seeking an opportunity to gain exposure in IT sector for further career prospects to enhance my knowledge and experience.

🏢 Work Experience

June 2023 - June 2024:   *FullStack Developer*

- Creating the visual design and layout of the website or web application, focusing on user interface (UI) and user experience (UX) design principles to ensure usability and accessibility.

- Creating interactive elements on the website, such as forms, buttons, navigation menus, sliders, etc., using JavaScript and relevant libraries or frameworks.

- Optimizing the frontend code for performance, including minimizing page load times, optimizing images, and reducing unnecessary requests.

- Ensuring that the website works consistently across different web browsers, including older versions, by testing and troubleshooting any compatibility issues.
